INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Primavera Technical Learning Center
Chandler, Arizona

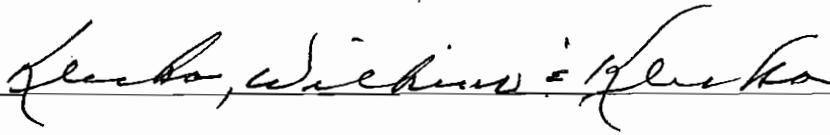

We have audited the accompanying statement of financial position of Primavera Technical Learning Center (an Arizona nonprofit corporation) (the School) as of June 30, 2011, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Primavera Technical Learning Center as of June 30, 2011, and the changes in net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2012, on our consideration of Primavera Technical Learning Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The schedule of functional expenses on page 10 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards on page 12 is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Primavera Technical Learning Center
Notes to Financial Statements
For the Year Ended June 30, 2011

NOTE 1 – NATURE OF OPERATIONS:

Primavera Technical Learning Center (the School) is an Arizona non-profit corporation formed in February 2001. The School agreed to a fifteen year charter with the Arizona State Board for Charter Schools (ASBCS). The charter is subject to renewal June 30, 2016 with the consent of both parties. The School began operations as a classroom-based charter high school in Chandler, Arizona in August 2001. In 2003, the ASBCS approved the School's application to begin an internet-based campus providing online instruction. The online program is authorized to serve the educational needs of all high school students in both metropolitan and rural Arizona, and is ideally suited to educate students who are at risk of not graduating from high school: those with behavioral issues, those identified as dropouts, those who are pregnant and/or teen parents, those adjudicated as youthful offenders, and those with a poor academic standing as demonstrated by their failure to maintain with their cohort group. The School served approximately 14,189 individual students during the 2010-11 school year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation

The financial statements use the accrual method of accounting and the presentation follows the recommendations for the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) in FASB ASC 958. Under FASB ASC 958, the School is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The School has evaluated subsequent events through March 28, 2012, which is prior to the date the financial statements were available to be issued.

Cash Equivalents

For purposes of the statement of cash flows, all unrestricted highly liquid investments with an initial maturity of three months or less and not held in investment accounts are considered to be cash equivalents.

Investments

The School accounts for its investments by reporting them on the statement of financial position at their fair value. Investment income and realized and unrealized gains and losses on investments are recognized on the statement of activities as increases or decreases in unrestricted net assets due to the absence of any donor-imposed restrictions.

Grants and Funds Receivable

The School recognizes income from funds provided by the state of Arizona in connection with its charter agreements. Due to the concentrated nature of the School's income sources and historical collectibility trends, the School does not provide an allowance for grants or funds receivable.

Property and Equipment

Leasehold improvements with a cost of \$3,000 or more and furniture and equipment with both a cost of \$300 or more and an estimated life of one year or more are capitalized. Assets are stated at cost or fair market value at date of gift, if contributed. Depreciation is calculated over the estimated useful lives of the assets on a straight-line basis of five years for furniture and equipment; fifteen years for buildings and improvements; and three to five years for software.

Maintenance and repairs are charged to expense as incurred. The costs of additions and improvements are capitalized and depreciated over the remaining useful lives of the assets. The costs and accumulated depreciation of assets sold or retired are removed from the accounts and any gain or loss is recognized in the year of disposal.

Revenue Recognition

The School recognizes revenue as earned calculated using a "base support level" determined by the Arizona Department of Education. The "base support level" is a calculation using student counts as a basis for allocating equalization funds to the School such that the School is funded at an amount approximating the amount which public schools in the same district receive on a per pupil basis. State equalization funds are allocated on a fiscal year that ends June 30 of each year and are paid to the School on a periodic basis throughout the school year.

Contributions

The School follows FASB ASC 958 for contributions. Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions. All donor restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a donor restriction expires; that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activity as net assets released from restriction. Donor restricted contributions whose restrictions are met in the same reporting period are reported as unrestricted support.

 For the Year Ended June 30, 2011

***NOTE 2 – SUMMARY OF SIGNIFICANT
 ACCOUNTING POLICIES (Continued):***

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising

Advertising costs are expensed as incurred. Advertising expense for the year ended June 30, 2011 was \$928,831.

Donated Services

Volunteers (primarily parents of attending students) have donated their labor to the School; however, these donated services are not reflected in the financial statements since the services do not require specialized skills.

Functional Expenses

Expenses are charged directly to program or general and administrative categories based on direct expenditures incurred. All expenditures not directly chargeable are allocated based on personnel activity.

Income Taxes

The School qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code whose revenue is derived primarily from state equalization funds for charter schools, grants and contributions. Consequently, the School is generally exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. The School is not a private foundation. The School has adopted FASB ASC Topic 740-10, *Accounting for Uncertainty in Income Taxes*, which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return.

For the year ended June 30, 2011, the School had no material uncertain tax positions to be accounted for in the financial statements under the rules, and had no interest or penalties assessed by income taxing authorities. Management believes that the School is no longer subject to income tax examinations for years prior to the year ended June 30, 2008.

NOTE 3 – RESTRICTED ASSETS:

Temporarily restricted net assets consist of Arizona Classroom Site Funds totaling \$899,354 in cash. These funds are available only for restricted purposes designated in A.R.S. §15-977.

NOTE 4 – INVESTMENTS:

The School's investments at June 30, 2011 are comprised primarily stocks and bonds held in an investment account managed by a local bank. Money market funds, mutual funds, and exchange traded funds are Level 1 assets measured at fair value in accordance with current accounting standards. Level 1 assets are measured based on quoted prices for identical assets in a liquid market. Real estate investment trusts are Level 2 assets. The value of the School's Level 2 assets is based on prices quoted by the School's broker in inactive markets. The investment funds at June 30, 2011 are summarized as follows:

Investment	Fair Value
Money Market Funds	\$ 384,573
Mutual and Exchange Traded Funds	7,027,256
Real Estate Investment Trusts	271,739
Total	<u>\$ 7,683,568</u>

NOTE 5 – PROPERTY AND EQUIPMENT:

Property and equipment consisted of the following at June 30, 2011:

Office Building	\$ 1,570,441
Building Improvements	1,110,065
Land	338,100
Furniture and Equipment	1,093,337
Vehicles	125,009
Software	<u>151,506</u>
Total Property and Equipment	4,388,458
(Less) Accumulated Depreciation	<u>(887,555)</u>
Property and Equipment, Net	<u>\$ 3,500,903</u>

Depreciation expense for the year ended June 30, 2011 totaled \$338,392.

Primavera Technical Learning Center
Notes to Financial Statements
For the Year Ended June 30, 2011

NOTE 6 – FUNDS DUE TO STATE:

The School received state equalization payments during the year based on estimates of student counts. Subsequent to June 30, 2011, the School has calculated actual student attendance and estimated that \$5,434,395 must be returned to the state or credited against future equalization revenue. The Arizona Department of Education has notified the School that such funds must be repaid by June 30, 2013.

NOTE 7 – CONCENTRATIONS OF RISK:

Revenue Sources

Substantially all of the School's revenues for the year ended June 30, 2011 were derived from funds passed through by Arizona state agencies. Collection from the State of Arizona is reasonably assured, provided that the School complies with contract terms stipulated in its contract with the ASBCS. The School's compliance with certain laws and regulations is subject to review by the Arizona Department of Education and the ASBCS. Although such reviews could result in a reduction of state equalization assistance, in the opinion of the School's management, any reductions that may result are not expected to be significant. Changes in state funding levels for charter schools could have a significant impact on the School's ability to operate.

Cash

The School maintains a substantial balance in its checking account deposits. During the year ended June 30, 2011, the Federal Deposit Insurance Corporation (FDIC) insured \$2,854,685 of the School's deposits. At year end, the School's bank held Federal National Mortgage Corporation and similar bonds as collateral for approximately \$20,000,000 of School deposits.

Investments

The School maintains a substantial balance in its investment account. The Securities Investor Protection Corporation insures \$500,000 of the School's account against the insolvency of the School's broker.

NOTE 8 – LEASE AND CURRICULUM AGREEMENTS:

American Virtual Academy (Related Party)

The School contracts with The American Virtual Academy, Inc. (AVA) (formerly the Institute for Educational Development) for software and materials. AVA is wholly owned by two of the directors of the School. The license contract calls for a single annual price paid in monthly installments for curriculum services. The price is

independent of the number of students enrolled or classes available for enrollment. The transfer price is determined annually by an accounting firm in accordance with IRC §482 using the Residual Profit Split method. For the year ended June 30, 2011, the lower and upper quartile annual transfer prices were calculated between \$11,779,326 and \$12,512,910. The term of the contract is continuous until terminated by either the School or AVA with a ninety day notice. During the year ended June 30, 2011, the School recognized \$12,225,808 in licensing and database expenses, and paid AVA \$12,000,746. The School owed AVA \$3,056,452 for licensing expenses at June 30, 2011.

The School shares its building with AVA. The building arrangement leads certain vendors of AVA to request payments from the School for expenses incurred by AVA. Certain vendors of the School also request payments from AVA for expenses incurred by the School. The School regularly reimburses and requests reimbursement from AVA for such expenses. At June 30, 2011, the School owed AVA \$187,481 for amounts paid by AVA for School expenses.

The School entered into a lease agreement dated April 1, 2010 to rent its newly constructed property to AVA. The lease term is for three years with an available renewal for two years at the option of AVA. Under the terms of the lease, AVA is required to make monthly rental payments of \$3,080 through March 2013.

The following is a schedule of future minimum lease payments due to the School for all operating leases except those with terms of a month or less as of June 30, 2011:

<u>Year Ended June 30,</u>	
2012	\$ 36,960
2013	<u>27,720</u>
Total Minimum Lease Payments	\$ 64,680

NOTE 9 – SAVINGS PLAN:

The School sponsors a retirement plan trust called the Primavera Technical Learning Center Savings Plan (the "plan"). The plan covers most School employees, whose contributions to the plan are generally tax-deferred. Eligible employees may contribute up to \$16,500 of compensation annually, and eligible employees over age 50 may contribute an additional \$5,500. The School accrued contributions of \$21,994 to the plan under a matching program during the year ended June 30, 2011, all of which was accrued to the plan at year end.

Primavera Technical Learning Center
Notes to Financial Statements
For the Year Ended June 30, 2011

NOTE 10 – SUBSEQUENT EVENTS:

During February 2012, the two directors who own American Virtual Academy, Inc. and two other directors resigned from the School's board of directors and five new directors were seated on the board.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Primavera Technical Learning Center
Chandler, Arizona

We have audited the financial statements of Primavera Technical Learning Center (an Arizona nonprofit corporation) (the School) as of and for the year ended June 30, 2011, and have issued our report dated March 28, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

The School is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Primavera Technical Learning Center's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of management, others within the School, federal and state awarding agencies, pass-through entities and the Arizona State Board for Charter Schools and is not intended to be and should not be used by anyone other than these specified parties.

NOTE 1 – REPORTING ENTITY:

Primavera Technical Learning Center (the School) is an Arizona nonprofit corporation which operates a public charter school in Arizona.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation

The expenditures in the accompanying schedule of expenditures of federal awards are reported under the accrual basis of accounting. Purchases of fixed assets are recorded as expenditures in the year the expenditure is accrued, rather than in the year depreciation expense is taken.

Schedule of Expenditures of Federal Awards

The awards schedule presents only the expenditures incurred by the School that are reimbursable under federal programs of federal agencies providing financial assistance. Only the portion of program expenditures reimbursable with such federal funds is reported in the schedule. Program expenditures in excess of the maximum federal reimbursement authorized or the portion of the program expenditures that were funded with state, local or other non-federal funds are excluded from the schedule.

The schedule was prepared from only the accounts of the grant programs and therefore does not represent the financial position or results of operations of the School. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Directors
Primavera Technical Learning Center
Chandler, Arizona

Compliance

We have audited the compliance of Primavera Technical Learning Center with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. Primavera Technical Learning Center's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Primavera Technical Learning Center's management. Our responsibility is to express an opinion on Primavera Technical Learning Center's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Primavera Technical Learning Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Primavera Technical Learning Center's compliance with those requirements.

In our opinion, Primavera Technical Learning Center complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control over Compliance

Management of Primavera Technical Learning Center is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Primavera Technical Learning Center's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Primavera Technical Learning Center's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Primavera Technical Learning Center

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Arizona State Board for Charter Schools, others within the School, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors
Primavera Technical Learning Center
Chandler, Arizona

We have performed the procedures included in the Legal Compliance Questionnaire of the Arizona State Board for Charter Schools and enumerated below, which were agreed to by Primavera Technical Learning Center and the Arizona State Board for Charter Schools (ASBCS), solely to assist you and the ASBCS in evaluating management's assertion about Primavera Technical Learning Center's compliance with the requirements of applicable state law, regulations of the ASBCS, and provisions of your charter contract as of and for the year ended June 30, 2011 and for testing dates specified by us. Primavera Technical Learning Center's management is responsible for compliance with all laws, regulations issued by ASBCS, and provisions of its charter contract. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are as follows:

1. We obtained sufficient evidence necessary to complete the Legal Compliance Questionnaire as required by the ASBCS.
2. We completed the Legal Compliance Questionnaire as required by the ASBCS by marking either "Yes" or "No" or "N/A" for each question.
3. For all noncompliance, material or otherwise, requiring a "No" answer to a question in the questionnaire, we included an explanatory note in the questionnaire.

We were not engaged to, and did not, conduct an examination, the objective of which would be the expression of an opinion on the accompanying compliance questionnaire. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended for the information and use of management, others within the School, federal and state awarding agencies, pass-through entities and the Arizona State Board for Charter Schools and is not intended to be and should not be used by anyone other than these specified parties.

INSTRUCTIONS

NOTE: This questionnaire should only be used for schools that are exempt from the Uniform System of Financial Records for Arizona Charter Schools (schools that HAVE an exception). If a school is subject to procurement requirements pursuant to A.R.S. §15-189.02 and 41-2535(A), this questionnaire should be used in conjunction with the Procurement Compliance Questionnaire (see audit guidelines memo dated 6/13/2011) which is available on the Arizona State Board for Charter Schools' website <http://asbcs.az.gov>.

In order to determine whether a charter school that is exempt from the requirements of the Uniform System of Financial Records for Arizona Charter Schools (USFRCS) is complying with applicable legal requirements, the auditors must complete the following Legal Compliance Questionnaire (Note: This questionnaire is not comprehensive of all legal requirements for charter schools. As such, this document should not be the sole reference to determine all laws and regulations that are applicable to charter schools).

The following prescribed minimum audit standards for completing the Legal Compliance Questionnaire must be used in all audits. The State Board for Charter Schools may reject audits not meeting these standards.

- ◆ Sufficient, appropriate evidence must be obtained annually for each question to satisfactorily determine whether the school complies with the legal requirements, and the evidence must be included in the audit documentation.
- ◆ Evidence may be obtained through test work, observation, examination, and client assertion. However, client assertion alone is not adequate evidence to support "Yes" answers to the questionnaire.
- ◆ Population size should be considered in determining the number of items to test, and the items selected should be representative of the population.
- ◆ The number of items tested must be sufficient to determine whether a deficiency was the result of an isolated incident or a recurring problem. Therefore, testing one transaction, record, or item is not sufficient.
- ◆ The sample size should be expanded if the audit firm cannot clearly determine whether the school complies with the legal requirements of the question.
- ◆ If sufficient evidence has been obtained and documented during the current audit, that evidence may be referenced to answer questions.

- ◆ All “No” and “N/A” answers must be adequately explained in the comments column or in an attachment. Findings must be described in sufficient detail to enable the State Board for Charter Schools to describe the finding in a letter. The description should include the number of items tested and the number of exceptions noted.
- ◆ A “Yes” answer indicates that the audit firm has determined that the school complies with the legal requirements of the question and a “No” answer indicates the school does not comply. However, the final determination of compliance on each question, as well as overall compliance with legal requirements, is made by the State Board for Charter Schools based on the evidence presented in the questionnaire, audit reports, the audit documentation, and any other sources.

The resulting audit documentation supporting the audit firm’s answers to the Legal Compliance Questionnaire must be made available on request for review by the State Board for Charter Schools. To facilitate this review, the audit firm may wish to include in the audit documentation a copy of the questionnaire containing references to audit procedures performed for each question.

f. For high school, a full-time instructional program includes at least four subjects, each of which if taught each school day for the minimum number of days required in a school year, would meet a minimum of 123 hours a year; or any number of subjects totaling at least 20 hours per week, prorated for any week with fewer than 5 school days? A.R.S. §15-901(A)(2)	Yes	
For Student Attendance Reporting questions 3-15, the audit firm must select and test the specified number of transactions (records, entries, withdrawals, or days) as shown in the sample size instructions before each section. That sample should include 3 or more grade levels and 3 or more campuses, where applicable. The listed sample sizes represent the minimum level of required test work. The audit firm should use its judgment in determining whether a larger sample is needed. All student attendance records tested in steps 3-10 and 15 should be selected from the 100th day reporting period. In the parentheses provided in questions 3-15, indicate the actual number of transactions tested. If all transactions were tested, indicate such in the "Comments" column.		

For questions 3-5 select at least 3 student attendance records.		
3. If the School had an early (pre-)kindergarten program, based upon review of (0) early (pre-) kindergarten students' attendance records, did the School only calculate and submit ADM data to ADE for this program if the program was designed to advance students to the first grade at the end of the school year? A.R.S. §15-901(A)(2)(a)(i) and USFRCS Memorandum No. 33	N/A	High school only.
4. Based upon review of (0) students' attendance records in kindergarten programs with instructional time between 356 and 692 hours a year, were students not in attendance for at least three-quarters of the day counted as being absent? If the instructional time for the year was 692 hours or more, were students not in attendance at least one-half of the day counted as being absent? A.R.S. §§15-901(A)(2)(a)(i) and 15-901(A)(6)(a)(i)	N/A	High school only.
5. If the School had an early first grade program, based upon review of (0) early first grade students' attendance records, did the School calculate and submit ADM for this program as it would for kindergarten in accordance with ADE's <u>School Finance Procedures Manual</u> ? A.R.S. §15-901(A)(2)(b)(i) and USFRCS Memorandum No. 33	N/A	High school only.

Primavera Technical Learning Center
Notes to Legal Compliance Questionnaire

Note 1: The School asked the Arizona Department of Economic Security to reconsider an assessment of \$11,152 due for the year ended June 30, 2008 and prior years. The assessment was upheld on October 28, 2011 and the School paid the assessment plus accrued interest, totaling \$13,213, on February 22, 2012.

Note 2: The School did not post the required meeting statement on its website during the year ended June 30, 2011. As of March 28, 2012, the School's home page includes a link titled "About Our School." The "About Our School" page contains a menu with "Board Meeting Notice" as one of the menu options. The "Board Meeting Notice" page contains the required board meeting statements.
